

# DD2424 - Self-assessment report

Josephine Sullivan, DD2424 TAs 2025

In your self-assessment report please provide the following information:

- Group details (number, name of group members, title of the project)
- What skills/knowledge (at least two) did each group member acquire during the project and please provide some concrete evidence of what you implemented/wrote that shows you acquired this skill.
- What grade in your opinion is a fair one to award your project?
- Please motivate with at least 4 reasons (with concrete evidence etc) why your project deserves this grade. Examples of convincing reasons are
  - we successfully implemented our project proposal as shown by ... and the level of difficulty of our project matched ...
  - Our report is clearly written with a thorough related work section where we summarise the papers published in conference ... which indicates that we have reviewed the subject area we investigated
  - We did a thorough set of experiments which explored the issues of .... and they achieved results ....
  - We had this novelty in our network/training and investigated how it affected...
  - We adapted this approach to this practical problem and .....
